**GOVERNANCE**  
DEVELOPMENT NETWORK

## Youth Board Representative

If you are within the ages of 18-29 and interested in learning about community First Nations governance, you will be pleased to know that the Governance Development Network is seeking one Aboriginal Youth from Ontario to be a representative on our board. As a Youth Board Representative, you will benefit from the relationship and networking opportunities which will be presented.

The successful candidate will sit with an experienced board of directors, a chief and an elder. As the youth member you will provide insight as to how to approach a more youthful audience.

This role requires that you are committed to attending and participating in all Governance Development Network meetings. These meetings occur face-to-face and teleconference. Your contribution and participation in providing input will be highly valued. It is also very important if you are employed that your employer is in support of your commitments as a Youth Representative which will include some travel and participation.

If this sounds like you, please submit a **Letter of Interest** explaining the following questions:

- What community are you from?
- Why are you interested?
- What do you feel you could contribute to the board?

The **deadline for submission** will be at **4pm on Friday, December 15<sup>th</sup>, 2017**.

Please address your letter to **Mathew Lane, Executive Director** and send it by fax **807-286-7765** or email [mlane@governancedevelopment.org](mailto:mlane@governancedevelopment.org).

If you have any further questions, please feel free to contact me.

Sincerely,

Mathew Lane, Executive Director  
Governance Development Network
